## Components

- 1 x Viewer

## Tools required:

Ø14mm Drill Bit

Goggles

Flat Head  
Screwdriver

Drill

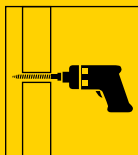

The warranty covers manufacturing defects, standard finishes but excludes plated finishes or finishes exposed to a corrosive environment. The warranty excludes damage caused by installation contrary to written instructions and incidental or consequential damage. We recommend regular cleaning with mild detergent.

## Fitting instructions:

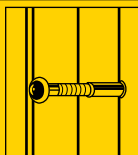

### 1 Select Position

Select position in middle of door at eye level and drill a 14mm diameter hole through door until point of drill is just visible on other side of door. To avoid splintering of woodwork, drill through hole from other side of door.

### 2 Insert Viewer

Insert lens of Viewer from outside of door and screw in barrel from inside.
