

Safes

Robust. Secure. Safe

The Yale logo is a yellow circle with the word "Yale" in black, bold, sans-serif font.

Maximum Security Motorised Safes

At Yale, we pride ourselves in protecting the things that matter the most to you. The Maximum Security Motorised Safes will keep your most important belongings secure and safe with additional anti-drill plates in key areas and laser cut doors for maximum security against all attacks.

You can gain quick access with PIN code and block any unwanted visitors with a one minute lockdown after three incorrect attempts. The range has also been Sold Secure Silver Approved to provide the best in security.

The internal light gives you clear visibility of your valuables and internal hooks help keep things organised.

Features

- Anti-drill plate and laser cut door for maximum security against attacks
- Maximum security mechanical override that includes one double bitted key
- Motorised locking mechanism with two anti-saw locking bolts (20mm)
- PIN code access
- Lock down for one minute after three incorrect attempts
- Must be securely mounted with fixings provided to a wall or floor
- Protect valuable items

Additional features

- Automatic door opening mechanism
- Clear LCD keypad display
- Internal light for contents to be easily seen
- Internal hooks for hanging keys or small items

Yale is trusted by millions of people every day to keep what's important to them safe.

Our innovations have protected their homes, families and belongings for over 180 years. We have expanded from being a leader in mechanical lock engineering to innovating connected smart locks and homes. Because we always make every effort to push the boundaries in a changing world.

We were there for your grandparents (and probably theirs) and we'll be there for your children.

ASSA ABLOY is the global leader in door opening solutions, dedicated to satisfying end-user needs for security, safety and convenience.

Trusted every day
