LOCKWOOD

ASSA ABLOY

ASSA ABLOY, the global leader
in door opening solutions

- Keyless Entry powered by 3 x AAA batteries, with Key Override backup.
- Available in PIN/Prox or Prox only options
- Up to 250 Users with Prox cards and 100 individual PINs
- Shadow Programming Card can program multiple escutcheons.
- Suits narrow stile (minimum 30mm backset) or standard (60mm plus) .
- IP55 – for external use.
- 38-44mm standard door thickness , but spare spindles available to suit

How does it work?

- SMARTair™ standalone is a simple access control solution that uses programming cards to add and delete users, no software required.
- The standalone programming works on a 'shadow card' system whereby each user card created has a shadow created alongside it. The user card is handed out and the shadow card retained by the system administrator.
- If any user card is lost, the shadow card associated with that user is used to remove it from the system. PIN codes are also set via the Shadow Programming Card.
- Any found cards can be recycled and handed out to new users. Old shadow cards, where the user card isn't found can also be used again – either as user cards or shadow cards. There is no limit on how many times a card can be reused.

Step 1	Step 2	Step 3	Step 4
Select door thickness - CRITICAL!! Comes standard with 38-44mm choose spindle accessory if outside this range	Select 'NO HUB DISC' Lockbody	Select Escutcheon	Select Credentials
44-50mm SMA-STCCSPIAKIT4450	30mm Selector 5782ENOHDS	Narrow - Prox SMA-SNAC42XL2V908SI	Shadow Programming Card SMA-SNACLICSTASDW
50-56mm SMA-STCCSPIAKIT5056		Narrow - Pin/Prox SMA-SNAC46XL2V908SI	Prox Cards SMA-SC002
56-62mm SMA-STCCSPIAKIT5662	60mm Synergy 3572SCNOHD	Standard - Prox SMA-SNAC42XL2V648SI	Prox Tags SMA-STCLLAS2N
60mm Selector 3772NOHDSS		Standard - PinProx SMA-SNAC46XL2V648SI	
*More Spindle solutions available to suit up to 110mm, POA.	* 38mm, 89mm & 127mm options also available, PTO	* 570 Cylinder not included
