

# 2 LEVER REBATED 13mm MORTICE LOCK

## 1. Which lock function do I need?

A 2-bolt rebated mortice lock with a key operated deadbolt and a handle operated latch.

2 keys supplied.

Handles supplied separately.

UNION Y-3662 or Y-681-06-2 are recommended for use with this lock.

## 2. Which size lock do I need?

For an easy fit of replacement lock, simply measure the distance from the edge of the door to the centre of key hole.

If this is 45mm you require a 66mm (2.5") lock.

If this is 57mm you require a 80mm (3") lock.

## 3. What are the features & benefits of this 2 lever Mortice Lock?

### 3A. Key operated deadbolt...

... for secure positive deadlocking.

### 3B. Reversible latchbolt...

... suits doors hinged on the left or right.
