# Combination Cable Lock

Combination cable locks are ideal for bicycles. Easy to operate, they offer affordable and effective security.

The one-piece lock and cable unit means there are no keys to lose. A lightweight, protective covering shields the cable from the elements while reducing the chance of scratching the bike during operation.

## Features

- Flexible cable locks through the frame, wheel and anchor post with ease
- 4-digit resettable combination lock
- Large printed digits for ease of use
- Covered steel cable for protection against scratches

## Specification

- Body material: Zinc alloy housing
- Cable material: Braided steel wire with PVC sleeve
- Mounting bracket: Included
- Strength rating: Two
- Diameter of cable (outer): 8mm
- Length of cable: 120cm
- Body (Width x height x depth): 100 x 37 x 29mm

# Combination Cable Lock

Description	Part Number
Combination Cable Lock 8mm Diameter 1200mm Lock 4 Wheel	YCCL1/8/120/1

# Cables

Compact, flexible and easy to use. A tough but lightweight, weather-resistant vinyl sleeve shields the cable from the elements while eliminating the chance of scratching the bike.

Two lengths are available - 200cm and 300cm.

## Features

- 8mm flexible braided steel cable
- Tough weather resistant vinyl sleeve
- Double looped cable ends

## Specification
